

## CAUSE AND CONSEQUENCE Worksheet 1: MULTIPLE CAUSATION WEB

### Instructions:

Record the event or issue you are analyzing in the centre triangle. Then identify and record all of the short-term and long-term causes that you believe contributed to the event.

### Analysis:

1. Study the web and decide which of the causes could be considered: a) short-term, or b) long-term. Identify each of these categories by shading the boxes different colours.
2. Alternatively, you might want to determine which of the causes could be considered: a) economic, b) social and cultural, or c) political. Be prepared to share your responses with your classmates.
